Summary

A driven Information Technology student at the University of Moratuwa, I am eager to delve into the realm of Artificial Intelligence and Machine Learning. My goal is to acquire the professional attitudes and interpersonal skills necessary to excel in the dynamic field of ICT.

I am passionate about creating technology solutions that can revolutionize society, by promoting productivity while protecting the privacy and well-being of all. As a future IT professional, my ultimate aspiration is to develop ethical and user-centric technology solutions that make a real difference in the world.

I am currently seeking an internship opportunity to gain hands-on experience and valuable technical skills within a reputable IT company, with the goal of making a meaningful contribution to the field.
